## about me

Gina Geldbach-Hall is an acclaimed inspirational speaker, author and coach, with 25-years of emergency services experience from EMT and firefighter to battalion chief. She holds degrees in Fire Science Technologies, Fire Service Management and Business Administration with an emphasis in Marketing and Advertising. Gina is also a graduate of the Department of Homeland Security, National Fire Academy, Executive Fire Officer Program.

She currently resides in Las Vegas, Nevada where she values time with family, her two wonderful sons and friends. She continues to inspire leadership and service to help others ignite the flame of empowerment within themselves and those around them.

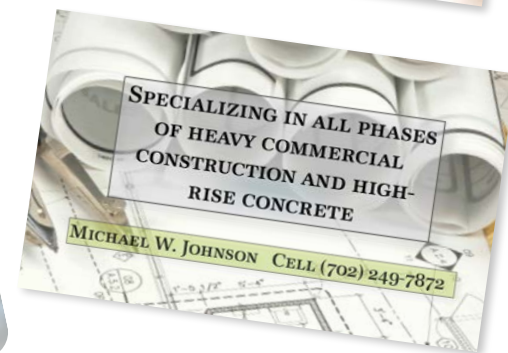

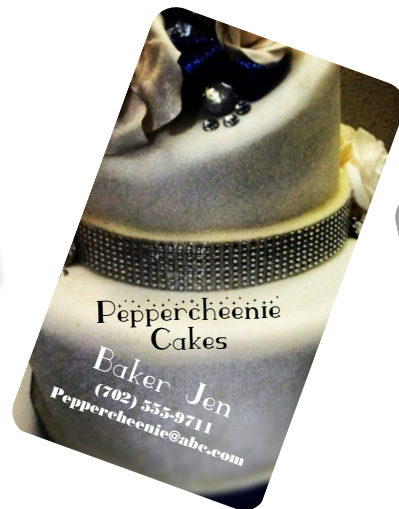

Before retiring from the fire department, Gina frequently took her passion for transforming ideas into works of art when she started volunteering her time and talent to organizations needing some marketing and advertising materials. Over the years she honed and developed her talent when others suggested she turn her passion into an occupation. In 2012, she started Firegal Enterprises, LLC, and started to bring that passion and vision to others who wanted to spice up their business and add a fresh new look with customized advertising. She loves to bring others ideas to life and looks forward to working with clients to make their business a success.

**Assistance League® of Las Vegas**  
*Transforming Lives...Strengthening our Community*

Assistance League of Las Vegas has been serving the community for over 40 years by providing goods and services to children in need. The chapter is an all-volunteer organization with no paid staff. Monies raised through the chapter's fundraising activities are used for its philanthropic programs and are tax deductible. For more information visit us at 6446 W. Charleston Blvd, Las Vegas, NV 89146.

**Operation School Bell®**, our signature program, is exciting for a child. It is often the first time for them to select new clothing. Clark County School District personnel determine the children most in need and transport them to our facility where each child is personally assisted by a trained volunteer.

The **Thrift Shop** is full of very desirable items and keepsakes available for purchase. We accept items you no longer need such as clothing, shoes, household items, books and antique collectibles.

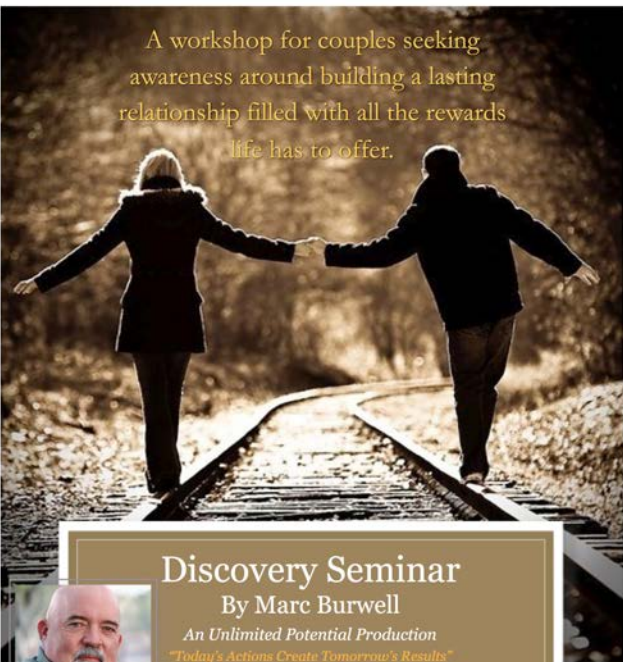

**Thrift Shop hours:**  
Tues-Sat, 10 am – 4 pm

Marc Burwell, Coach & Facilitator

**Discovery Seminar**

**A workshop for partners seeking a long lasting, meaningful, fulfilling relationship with another human being.**

**Discovery reveals how to keep your relationship interesting & in love while maintaining your own personal growth and prosperity!**

**Meet Marc Burwell:**

Marc Burwell is the founder and CEO of Unlimited Potential, a coaching and consulting company located in Boulder City, Nevada. Marc began working in the personal development field in 2006. He has worked with many organizations and seminar companies as a motivating leader of teams and small groups, to further growth, healing and the understanding of the individual human spirit.

Prior to his work as a life coach, Marc was in the automotive business for 35 years, owning and operating his own service center since 1985. Married in 1979, to his wife, Janet, he has been at her side raising two successful children, now grown and on their own.

Marc was adopted shortly after birth in 1956. His mother and father were very young and unable to take on the responsibility of raising a child. When he was 42 years old, Marc connected with his biological family and has developed a loving relationship with them that holds many lessons that he now shares openly with his clients.

Life coaching for Marc is his passion, helping others to heal and grow- it's his life purpose. He is also working in the realm of spirituality, oneness, and infinite possibilities. In his work, Marc has learned he can achieve his goals and is proud to coach others to theirs.

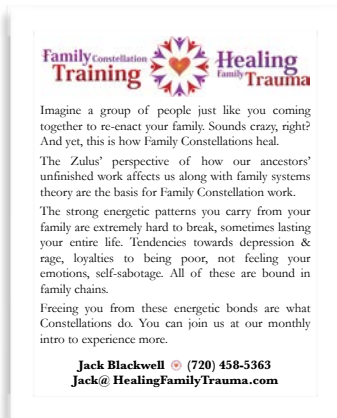

Shortly after the launch of Marc's coaching practice in 2011, he soon realized that his own life experiences are the gifts he has to share with his clients. The events surrounding his relationship of 35-years became the question that clients would ask most about, wanting to have their own fulfilling relationship.

Hence, the creation of *Discovery*. It's not "my story", it's "your journey". Marc takes couples to new awareness and deeper connection surrounding their love and commitment. "In this seminar you will learn how to better create communication, fall more deeply in love, find secrets to intimacy, and celebrate each other to work as a team, supporting a common purpose".

If your relationship is stuck, not sure of the next step, or you are exploring new possibilities this seminar is where to start. *Discovery* will offer your relationship more tools to build a strong foundation to live that life you both dream of with a message that speaks to your heart.

On June 24th, plan to give each other the gift you both deserve- *Discovery Seminar*.

### President's Corner

Assistance League of Las Vegas has nominated a new slate of leaders for next year. Thank you to all who ran for office and to those who supported them. We look forward to your thoughtful advice and suggestions for our future. Thank you!

### Facilities Committee

Just a few updates about our porters employed by the Facilities Committee:

1. Roger is now taking his hourly break from 2-3 rather than 12-1 until further notice.
2. Our afternoon cleaning person is Geraldine who cleans from 2-5. Please say hello and welcome her if you see her cleaning. She has been with us for almost 2 months.

Thank you, ladies, for picking up after yourselves (water bottles, trash paper, etc.) and keeping all work spaces clean and free of clutter for the next volunteer.

### COMMUNITY PROGRAMS

Hope High has purchased fast food gift cards to be given to homeless teens. Cards were purchased at Subway, McDonalds, and Taco Bell for a total cost of \$600. These cards will be given out to students to be used during spring break. The layette program has added the Women's Resource Medical Center to receive layettes, blankets, hats and booties. They provide free services to those who are experiencing pregnancy-related crises. In August they will be offering prenatal care to those in need. Thanks to [redacted] for connecting with this agency and to new member Terri Bate for volunteering to deliver items to this worthwhile program.

Chapter Matters October 2016

for ALIV & ME... We have decided to add a few more items to each list if necessary. We will also schedule to each an over-flow meeting at the facility, if necessary. We do still need recorders and monitors to please consider helping the hostesses by taking a facilitator position if it's needed. You may check the lists at the Regular Meeting. We still need suggestions for topics that should be discussed. Please submit them in the box in the workroom. It will also be available at the meeting December 8. Some members have been worried that the wording for their suggestions may change... if more than one member has similar suggestions, we will rewrite it to include each person's ideas.

Enjoy the December holidays!

### Community Programs

Community Programs has added two agencies to their Bear Program: Children's Medical Center Summerlin Hospital and Trauma Center Intervention Program (TIP) of Southern Nevada, Inc. Thank you to the ladies who have offered to deliver the bears to these two agencies.

We continue to support homeless high school teens: 100 fast food \$5 gift cards and 366 pairs of socks were purchased to be given to the students in need.

Happy holidays to all!
